## A Walk Thru the Bible

1. So far, what is one thing from the Walk Thru the Bible that you would like for your friends or family to know? Why?

2. Abraham's descendants are the Jews, and the Walk Thru the Bible shows us that God continued to work with the Jews, as His chosen people, through good times and bad – through their obedience and through their disobedience – and will continue to work with them in the future. What does this teach us about God?

3. The Walk Thru the Bible shows us that God's plan is to bless the world through the Jews (Abraham's descendants) from the land of Israel. Please recall the times that God has done this in the past and will do this in the future. How does this make you feel about God? About the Jews?

4. What amazes you about God choosing to work through one man – Abraham – to reach the world?

What does that teach you about God?

What does that show you about how God can work in your life and how He can use you for others?
